

HIDDEN LAKE ASSOCIATION

Road and Lake committee volunteers invite you to participate in:

EARTH DAY CLEAN UP

April 21-22, 2018

A combination of beach clean up and roadside clearing will take place all around the lake

We are asking for all members to clear the area in front of your property along the roadside.

Then on April 21st and 22nd, you can bring the debris to any one of our beach entrances where it will be chipped and where you can then help in the cleaning of the beach areas. If you have no means to transport, our volunteers can assist.

(Please bring your own rake, etc)

There will be food and refreshments on Shore beach following the clean up each day.

Come join in the fun
